Subject: RSE - Year 4

Dear Year 4 Parents and Guardians

Starting tomorrow, we will be carrying out a sequence of lessons on the topic of Relationship and Sex Education. These are taken from our PSHE scheme called Coram Scarf Life Education. The objectives we will be covering include: the correct scientific terms for body parts; that a person's genitals help them to make babies when they are grown up; the concepts of privacy and personal space; recognising that babies are made with the joining of a sperm and an egg; understanding that for girls, periods are a normal part of puberty; and understanding how the onset of puberty can have emotional as well as physical impact.

If you have any questions about these lessons or would like to have a look at the worksheets we will be using, I will be in the classroom for a brief chat after school next Monday.
